

Episteme Benchmark Executive Summary

Precision Performance Analytics | Generated: 2026-03-15 01:11:53

Operating System	Windows 11 (amd64)
Java Runtime	25 (Oracle Corporation)
Logical Processors	4

AI / Multi-Agent Systems

Audio

AI / Multi-Agent Systems | Scaling Performance

Bayesian Inference

Audio | Scaling Performance

Boolean Algebra

Bayesian Inference | Scaling Performance

Computational Fluid Dynamics

Boolean Algebra | Scaling Performance

Distributed Computing

Computational Fluid Dynamics | Scaling Performance

Finite Element Method

Distributed Computing | Scaling Performance

Fuzzy logic

Finite Element Method | Scaling Performance

Throughput (Operations per Second)

Genetic Algorithm

Fuzzy logic | Scaling Performance

Graph Algorithm

Genetic Algorithm | Scaling Performance

Input/Output

Graph Algorithm | Scaling Performance

Lattice Boltzmann

Input/Output | Scaling Performance

Linear Algebra

Lattice Boltzmann | Scaling Performance

Linear Algebra (Dense)

Linear Algebra | Scaling Performance

Linear Algebra (Inverse)

Linear Algebra (Dense) | Scaling Performance

Linear Algebra (Solve)

Linear Algebra (Inverse) | Scaling Performance

Linear Algebra (Sparse)

Linear Algebra (Solve) | Scaling Performance

Linear Algebra (Tensor)

Linear Algebra (Sparse) | Scaling Performance

Machine Learning

Linear Algebra (Tensor) | Scaling Performance

Machine Learning (ONNX)

Machine Learning | Scaling Performance

Throughput (Operations per Second)

Maxwell Equations

Machine Learning (ONNX) | Scaling Performance

Molecular Dynamics

Maxwell Equations | Scaling Performance

Monte Carlo Simulation

Molecular Dynamics | Scaling Performance

N-Body Simulation

Monte Carlo Simulation | Scaling Performance

Navier-Stokes

N-Body Simulation | Scaling Performance

Neural Inference (ONNX)

Navier-Stokes | Scaling Performance

Neural Operations

Neural Inference (ONNX) | Scaling Performance

ODE Solver

Neural Operations | Scaling Performance

Parallel Computing

ODE Solver | Scaling Performance

Throughput (Operations per Second)

Physics

Parallel Computing | Scaling Performance

PhysicsEngine

Physics | Scaling Performance

Quantum Algorithms

PhysicsEngine | Scaling Performance

Quantum Simulation (QuEST/Aer)

Quantum Algorithms | Scaling Performance

SPH Fluid Dynamics

Quantum Simulation (QuEST/Aer) | Scaling Performance

Self-Consistent Field

SPH Fluid Dynamics | Scaling Performance

Signal Processing

Self-Consistent Field | Scaling Performance

Social / Geography

Signal Processing | Scaling Performance

Tensor Operations

Social / Geography | Scaling Performance

Visualization

Tensor Operations | Scaling Performance

Wave Equation

Visualization | Scaling Performance

Zero-Copy Data (Arrow)

Wave Equation | Scaling Performance

Zero-Copy Data (Arrow) | Scaling Performance
